

Food Prep. Tables

Back Mounted Condensing Unit - EPB & EOTP Series

Reference Model: EPBSR2

Enhance prep line productivity with the dependable Food Prep Table Back Mount series. High quality, 16 gauge stainless steel worktops, lids and hoods, detachable cutting boards and adjustable polycarbonate food pans are just some of the features designed to improve workflow. Back mounts come with an easy-dial analog thermostat for effortless temperature adjustment.

● Exterior ○ Interior

1: Digital Control

Multi-function with easy to read LED display.

2: Insulated Top Pan Lid

½" thick, polyurethane insulated lid keeps top pans cold and prevents moisture build up. Props open for accessibility.

3: Removable Top Pans

NSF certified 6" deep polycarbonate pans are removable for storage options and cleaning.

4: Detachable Cutting Board

Plastic cutting board and stainless steel brackets fully detach for ease of cleaning.

5: Recessed Door Handle

Heavy duty with high traction surface

6: Front Breathing Vents

Draw and release air through the front grill for flexibility in installation.

7: Heavy Duty Swivel Casters

Standard 5" with locks on front set. Optional 3" swivel caster or height-adjustable leg replacements also available.

Blizzard R290 Condensing Unit

Back mounted, self-contained, fully detachable and uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). Blizzard R290 is easily replaceable and requires no on-site brazing.

Audible Overheat Protection Alarm

Keeps compressor and condenser coil from overheating.

Self-Maintaining Condensate Pan

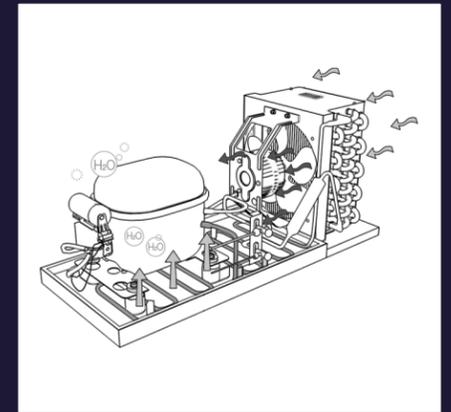

Energy efficient and requires no external drains or electric heaters.

ECM Evaporator Fan Motor

Electronically Commutated. Achieves rapid cooling with less energy.

ECM Condenser Fan Motor

Reversible and Electronically Commutated. Cools down compressor and supports condenser coil cleaning.

8: Full Length Air Duct

Ensures optimal distribution of cold air.

9: Rear Bumpers

Keeps a safe distance between the wall and the unit to prevent ventilation obstruction.

10: Vacuum Relief U-Trap

Keeps hot air from entering the cabinet interior and helps relieve cabinet pressure.

11: Ridge-Lined Door Gaskets

Keeps air tight seal and promotes smooth cabinet re-entry. Snap-in for easy cleaning and replacement.

12: Stainless Steel Interior & Exterior

High quality with rounded corners for a hazard-free workspace.

13: Air Tight Seal

Self-closing door with adjustable torsion system ensures a positive seal.

14: Adjustable Preparation Area

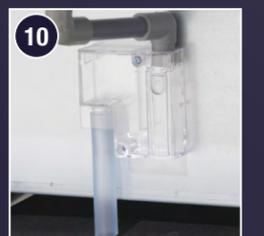

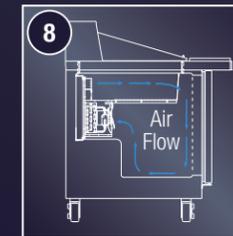

Stainless steel pan dividers are adjustable for top pan customization and are removable for ease of cleaning.

15: Thick Insulation

2.5" thick high density polyurethane insulation ensures temperature stability and conserves energy.

16: Optional Double Overshelf

Provides additional storage and serving options. NSF certified, made of stainless steel.
