BACK MOUNT UNDERCOUNTER FREEZER BACK MOUNTED CONDENSING UNIT

ETBF3

ETB Series

Refrigeration System

• Bottom mounted, self-contained and fully detachable Blizzard R290 condensing unit uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). Blizzard R290 is easily replaceable and requires no on-site brazing.

· Front air breathing for flexibility in installation.

· Electronically commutated (ECM) fan motors achieve rapid cooling with less energy consumption.

- · Full-length air duct and airflow guard ensure optimal cold air circulation.
- Time-initiated and temperature-terminated defrost cycle with defrost heater.
- · Large capacity, corrosion-resistant condenser and evaporator coils.

Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.

 \cdot High performance, auto-reverse condenser fan motor supports compressor ventilation and condenser coil cleaning.

- Pressure relief devices allow rapid cabinet re-entry.
- · Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P

Cabinet Construction

· Heavy duty stainless steel interior / exterior with rounded corners for a hazard-free workspace.

- · Open spaced interior with no walls between compartments.
- · 16 gauge, high quality stainless steel worktop.
- · Galvanized steel bottom and rear.
- \cdot 2.5" thick high density polyurethane insulation.
- Four 5" swivel casters with locks on front set.

Doors

- · Heavy duty stainless steel interior / exterior.
- · 2.5" thick high density polyurethane insulation.
- · Frame heaters prevent exterior moisture build up.
- Self-closing with adjustable torsion system for a positive seal.
 - · Snap-in magnetic door gasket make cleaning and replacement an easy process.
 - · High strength, recessed door handles.
 - · Pre-installed door locks keep your items safe from theft.

Shelving

- · Two epoxy coated, steel wire shelves per section.
- · Height adjustable stainless steel clips.

Temperature Control

- Multi-function digital controller with easy to read LED display.
- Factory preset temperature, -4°F. Temperature setting range from -10°F to 54°F.
- R290 models include audible overheat protection alarm for compressor and condenser coil.

Options

- · 4" high stainless steel backsplash for worktop application.
- · Additional shelving.
- · 3" swivel casters with locks.
- \cdot 3.5" 6" height-adjustable and interchangeable legs.
- ·NSF Certified Stainless Steel Double Overshelf.
