DRAWERED UNDERCOUNTER REFRIGERATOR BACK MOUNTED CONDENSING UNIT

ETBWR2-D4

ETB Series

Refrigeration System

· Back mounted, self-contained and fully detachable Blizzard R290 condensing unit uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). Blizzard R290 is easily replaceable and requires no on-site brazing.

· Front air breathing for flexibility in installation.

· Electronically commutated (ECM) fan motors achieve rapid cooling with less energy consumption.

- · Full-length air duct ensures optimal cold air circulation.
- · Time-initiated and temperature-terminated auto defrost cycle for seamless operation. · Large capacity, corrosion-resistant condenser and evaporator coils.
- · Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.

· High performance, auto-reverse condenser fan motor supports compressor ventilation and condenser coil cleaning.

- · Pressure relief devices allow rapid cabinet re-entry.
- · Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P.

Cabinet Construction

· Heavy duty stainless steel interior / exterior with rounded corners for a hazard-free workspace.

- · Open spaced interior with no walls between compartments.
- · 16 gauge, high quality stainless steel worktop.
- · Galvanized steel bottom and rear.
- · 2.5" thick high density polyurethane insulation.
- · Four 5" swivel casters with locks on front set.

Doors

- · Heavy-duty stainless steel interior / exterior.
- · 2.5" thick high-density polyurethane insulation.
- · Snap-in magnetic gaskets for ease of cleaning.
- · High strength, recessed handles
- · Thick gauge, stainless steel drawer frames with low-friction ball bearings.
- · Drawer pans not included. See table for drawer pan capacity.

· Height adjustable stainless steel clips.

Temperature Control

· Multi-function digital controller with easy to read LED display. · Factory preset temperature, 35°F. Temperature setting range from 33°F to 54°F. · Audible overheat protection alarm for compressor and condenser coil.

Options

- $\cdot 4''$ high stainless steel backsplash for worktop application.
- · 3" swivel casters with locks.
- · 3.5" 6" height-adjustable and interchangeable legs
- · NSF Certified Stainless Steel Double Overshelf.
