

REFRIGERATION  
**EVEREST**

# Chef Bases

Redefining Heat Defense and Warp Resistance

Side Mounted Condensing Unit

ECB Series

# Everest Innovation

---

We propel the refrigeration and  
foodservice industry forward.

In a world of ***fast appliances***, we  
promise years of service.

# The Shifting Kitchen Landscape

- ◆ Commercial kitchens expect **versatile equipment** that saves time and space.
- ◆ User demand for refrigeration that **excels in high-heat environments** is growing.

# The Mighty Chef Base

---

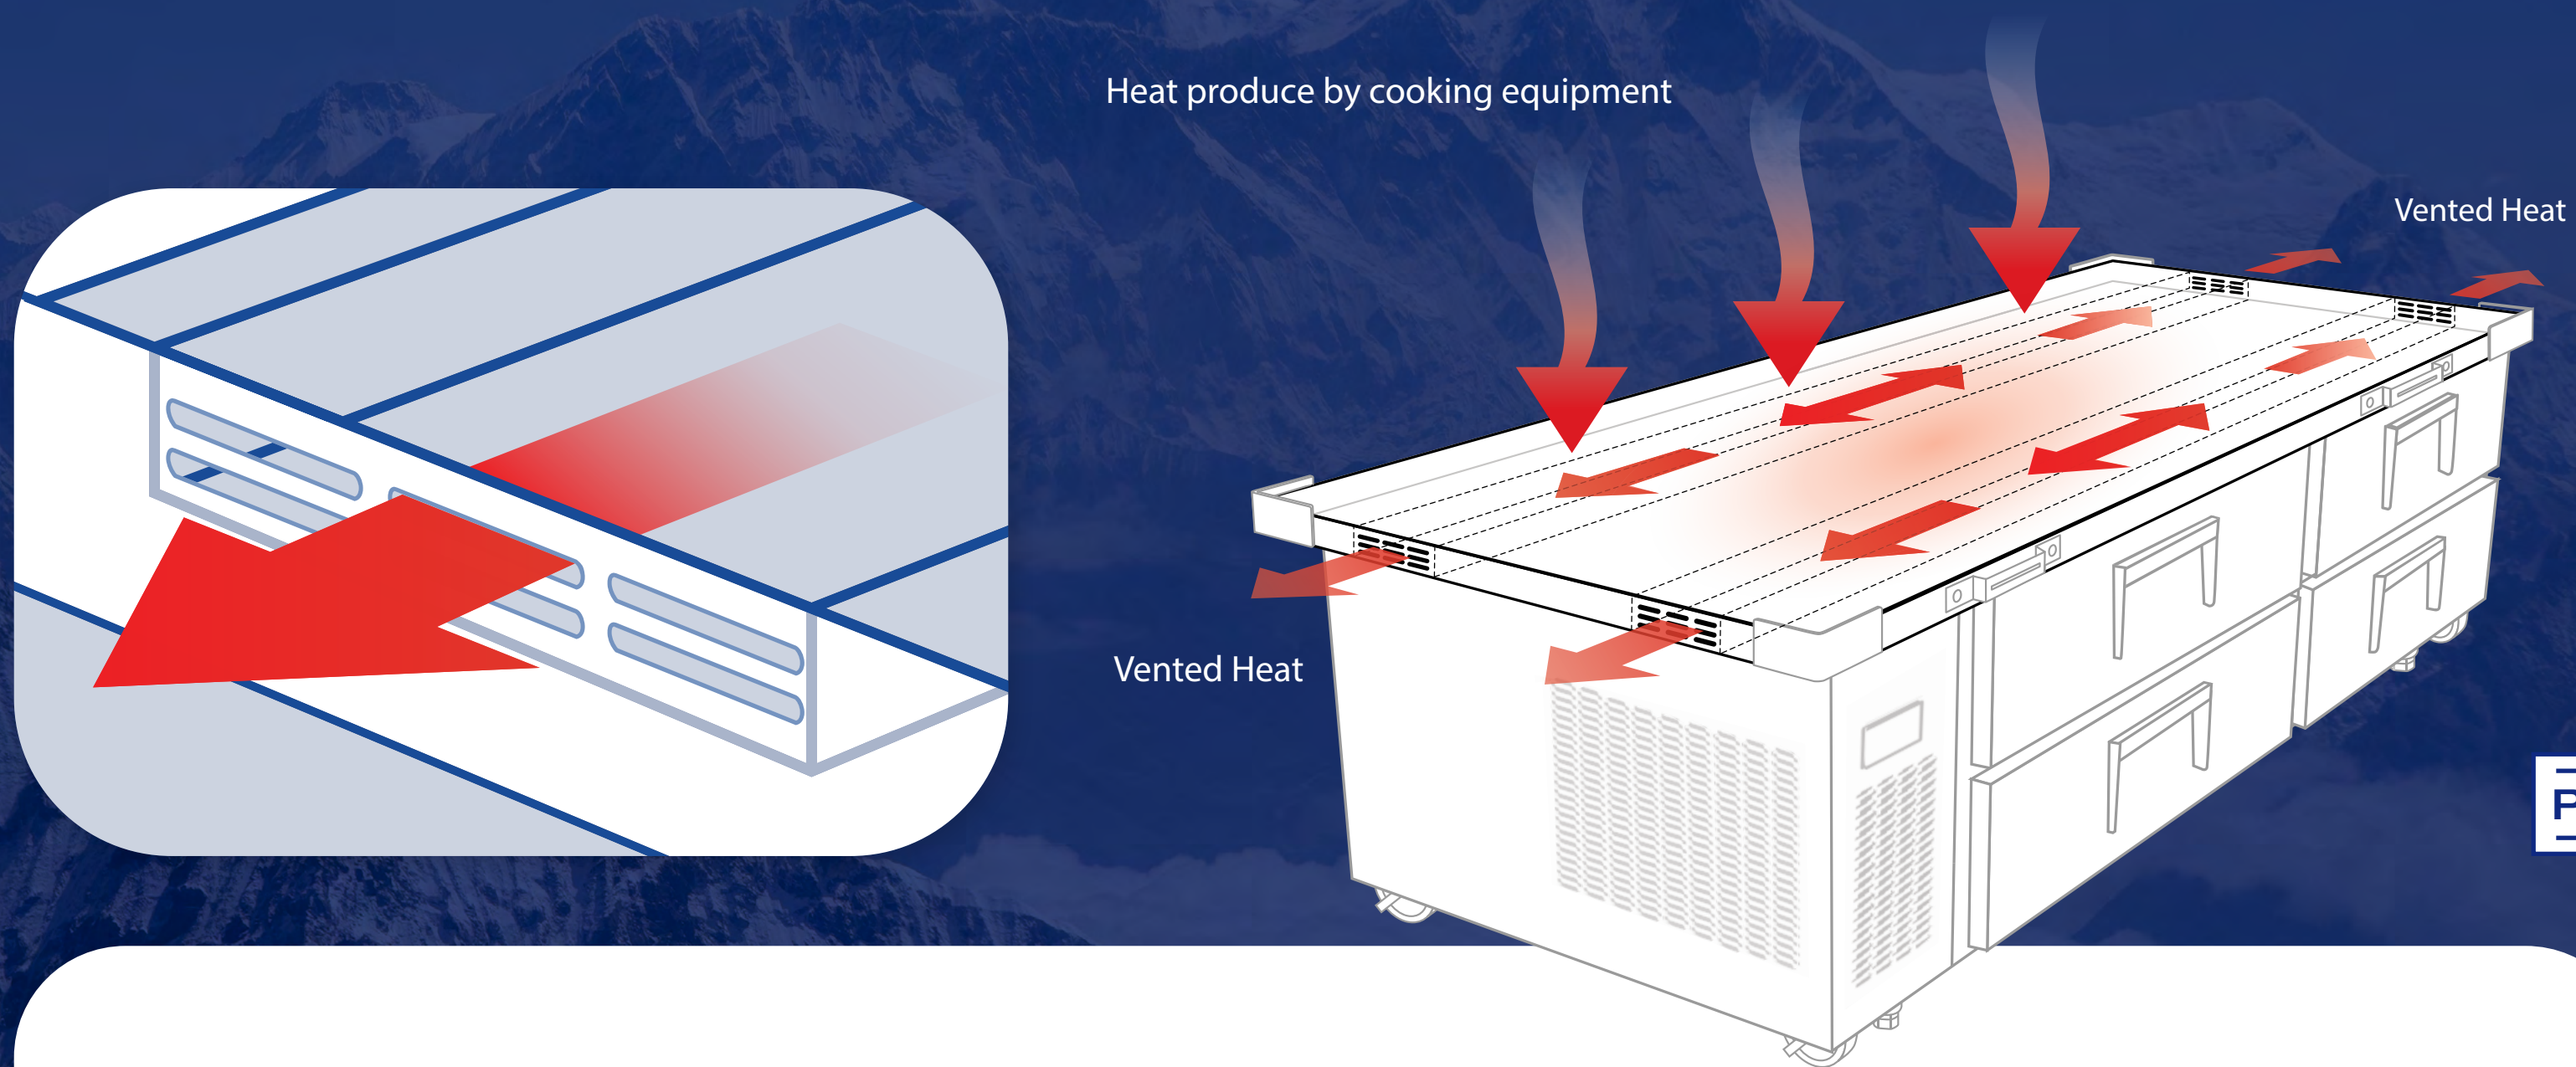

- ◆ A **multifunctional platform** that seamlessly connects cooking and refrigeration operations.
- ◆ As a dedicated cooking base, it **accommodates hot cooking equipment while refrigerating ingredients.**

## INNOVATIVE FEATURES

# Dual Air Chambers and Vents

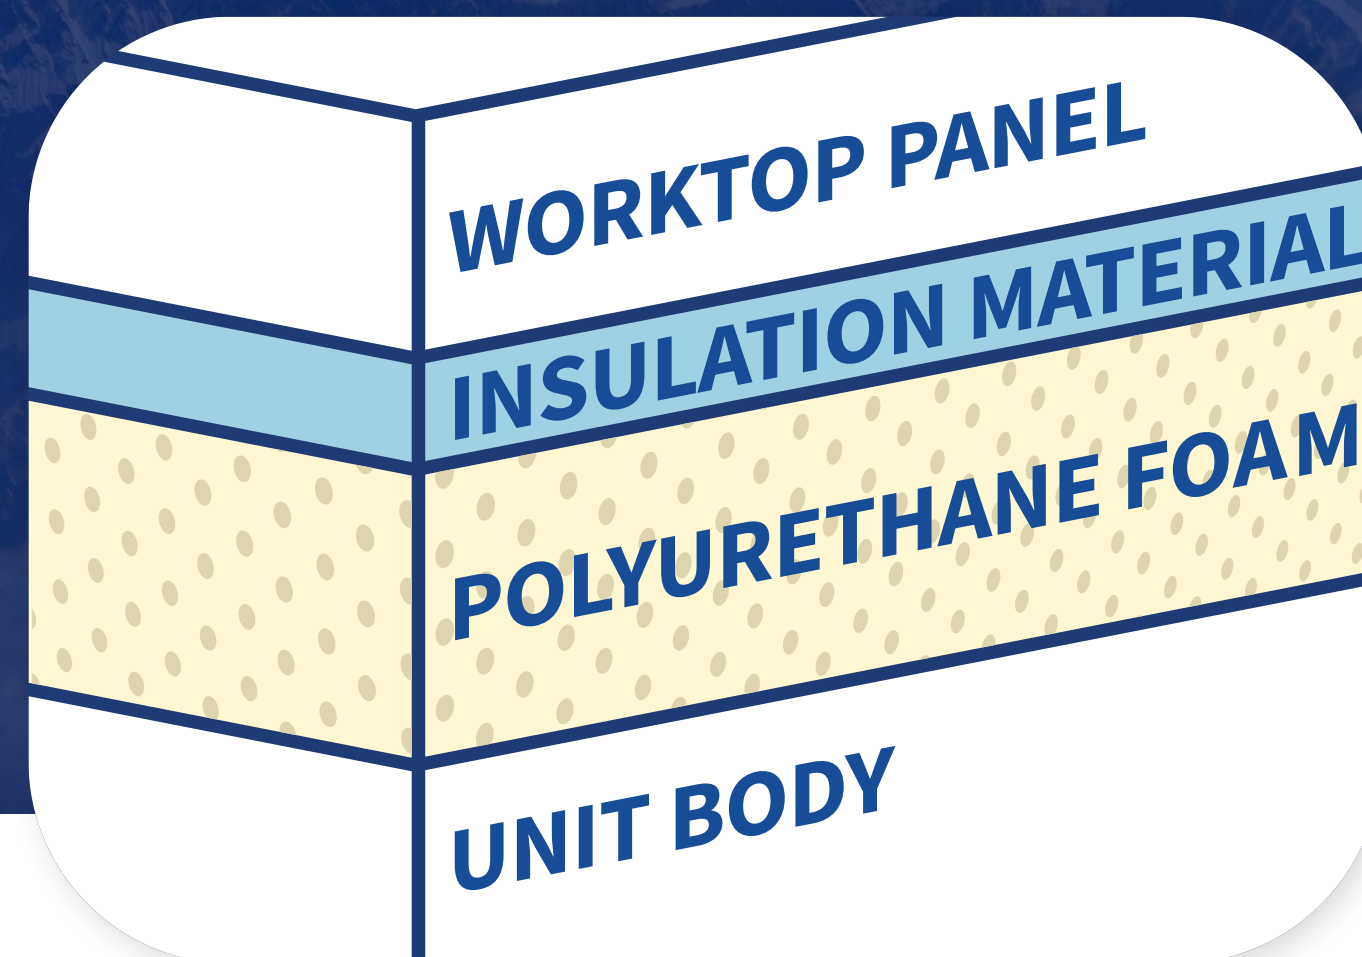

- ◆ Air Chambers **create a barrier between heat** generated by cooking equipment and refrigerated contents.
- ◆ Vents allow heat to escape from the Chef Base, **preventing the build up of excess heat.**
- ◆ Without trapped heat, the worktop **does not warp** and refrigerated contents **stay fresh.**

---

## INNOVATIVE FEATURES

# High-Heat Insulation

- ◆ Techmat insulation rated up to **500°F** efficiently counters heat from mounted cooking equipment.
- ◆ This insulation not only regulates cabinet temperature but also reinforces the Chef Base's **longevity**.

---

## INNOVATIVE FEATURES

# Safety Grips and Guards

- ◆ Safety grips enable users to **effortlessly move** and **maneuver** the Chef Base.
- ◆ Safety guards prevent mounted cooking equipment from sliding off the worktop, ensuring a **safe cooking environment**.

---

# Worktop, Gaskets and Caster Brackets

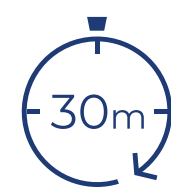

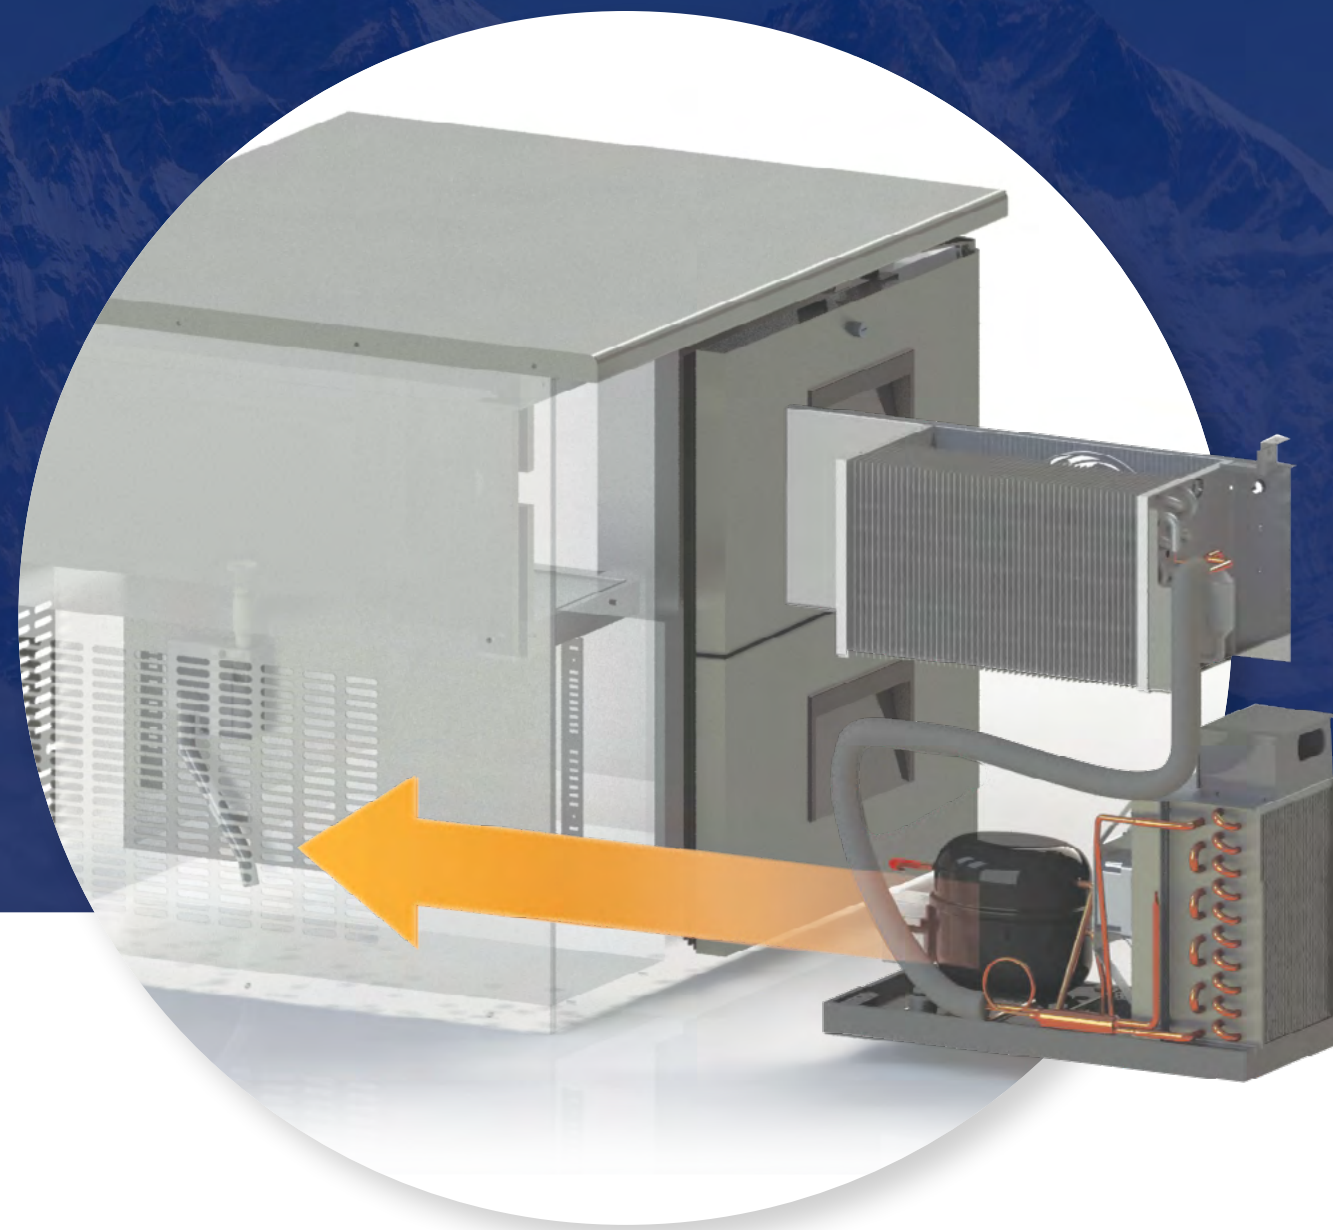

- ◆ Heavy-duty, 16-gauge worktop is **built to withstand rigorous use.**
- ◆ Heat-resistant gaskets **endure high temperatures.**
- ◆ Reinforced caster brackets **support the weight** of mounted cooking equipment.

---

# Blizzard R290

## Slide-Out Cooling Cartridge

**30-minute** replacement without brazing.

**Maintenance-free**, extends unit lifespan.

**Energy-efficient**, uses natural refrigerant.
